Investigations in Pomology

MONITORED

MAR 28 1910

Answered

A Certificate of Inspection
by our State Entomologist
accompanies each shipment

We have an up-to-date fumigating plant, and where it is desired by the purchaser, all stock will be thoroughly fumigated with hydro-cyanic acid gas. Purchasers wishing to have this done will kindly notify us when sending their order.

W. B. WHITTIER & CO.
South Framingham, Mass.

TELEPHONE 331

HOW TO REACH OUR NURSERIES FROM BOSTON

Trains leave South Union Station, twenty-five or more trains daily, for South Framingham; thence by Saxonville electric car, one and one-half miles, to within a few minutes walk of our office.

The Boston & Worcester electric cars leave Park Square every fifteen minutes. Any Chestnut Hill or Brookline Village car will connect with South Framingham or Worcester cars, either of which pass very near our grounds.

We have put up a sign, "Framingham Nurseries," on the line of the Boston & Worcester, five minutes walk from our office, and have arranged with the company for a stopping place at that point. Parties coming from Boston way will notify the conductor on leaving Sunnyside; coming the other way, from Worcester, the conductor should be notified soon after leaving the Junction, at corner of Eastern avenue and Concord street.

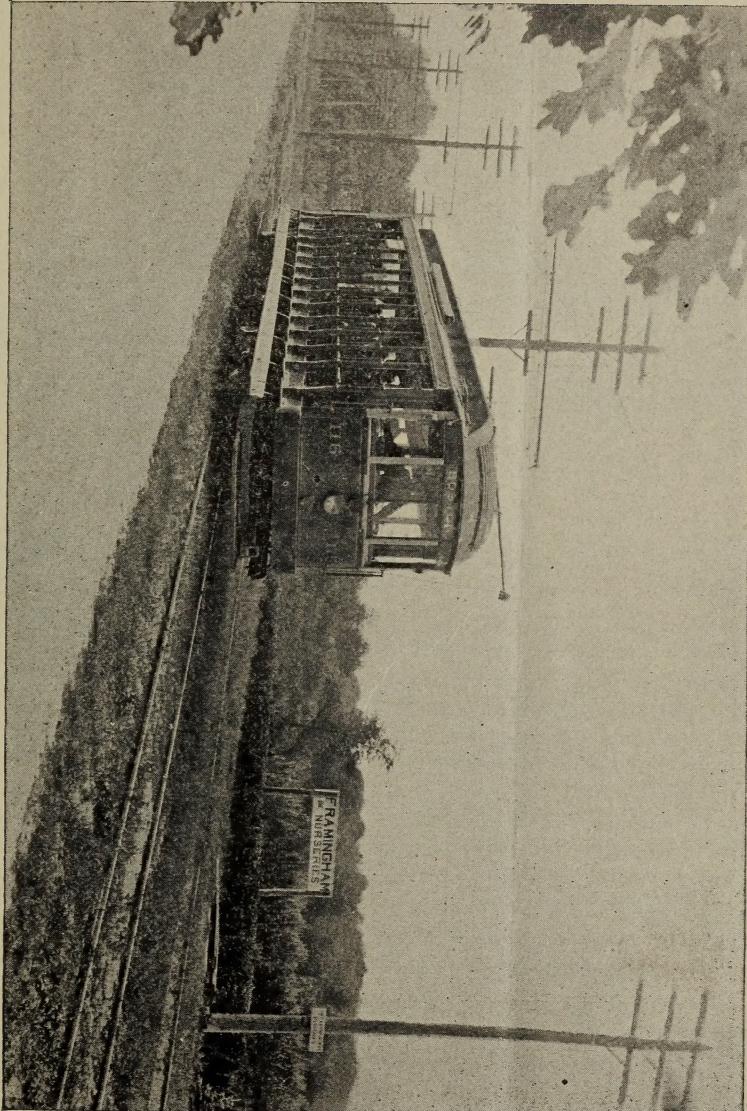

The running time between Boston and our nurseries is about one hour and ten minutes. The fare is twenty cents.

FRAMINGHAM NURSERIES

South Framingham, Mass.

SIDE ENTRANCE TO OUR GROUNDS FROM BOSTON & WORCESTER LINE

NOTICE

PLEASE READ CAREFULLY.

1. This list is intended for Nurserymen, Landscape Architects, Florists and gardeners on private estates, who are in the market for nursery stock in quantity.
2. The stock herein offered is strictly first-class in all respects, all nursery grown and every tree, shrub, plant and vine, has been transplanted, all shade trees twice, all evergreens three times.
3. We will supply five at the ten rate and fifty at the hundred rate; but we cannot furnish long lists of varieties, two or three of a sort, either at the hundred or ten rates.
4. We commence shipping about April 1st in the spring, continuing until May 15th or 20th; and in the fall about October 1st, continuing until the ground freezes.
5. Most varieties of evergreen can be transplanted with safety in August or September.
6. We never substitute unless authorized to do so by the purchaser. In case we are sold out of the variety ordered, the customer is notified at once.
7. To avoid misunderstanding, purchasers should be careful in ordering to state the size, 1 to 2 ft., 2 1-2 to 3 ft., 3 to 4 ft., etc., just as noted in list.
8. Purchasers will please give explicit shipping directions. State in all cases whether you want your goods by freight or express. When no special mode of conveyance is mentioned, we will forward according to our best judgment, but we cannot assume any responsibility after the goods are delivered to the forwarders.
9. We pack carefully in boxes and bales, using damp moss to protect the roots for which a charge will be made sufficient to cover cost.
10. Terms cash, except to reliable parties we are glad to allow until June 1st on Spring bills and December 1st on Fall bills. All Spring bills remaining unpaid June 1st and Fall bills December 1st will be subject to sight draft without further notice unless special arrangements are made.
11. We will not ship any stock, or accept orders from unknown parties without cash in advance, satisfactory reference or security of some sort. On receiving orders from parties who have no commercial rating, but accompanied by reference, we will at once communicate with the reference, and if satisfactory reply is received, the plants will be shipped.
12. All claims for deficiencies or errors of whatever nature should be made immediately upon receipt of stock, so that the same may be rectified without delay.
13. We will not send goods by express C. O. D. unless twenty-five per cent. of the amount of order accompanies same as a guaranty.
14. Freight or express charges will be prepaid when so directed and the amount added to the bill. We will ship stock on the day specified, if possible, but it will help us greatly to have a few days' notice before the goods are to be shipped. Early orders are always preferred.

2½ to 3 ft	13 00	

W. B. WHITTIER & CO.

ACER saccharinum, Sugar Maple	10	100
10 to 12 ft	12 50	110 00
12 to 14 ft., XX	18 00	

Our Sugar and Norway Maples have been grown three to five feet apart, several times transplanted, and are fine specimens

Acer tartaricum		
6 to 7 ft	3 50	
8 to 10 ft	6 00	
" tartaricum var. ginnala		
6 to 8 ft	3 00	22 50
7 to 9 ft	5 50	40 00

We have quite a large block of *Acer tartaricum* var. *ginnala*, and will make an especially low price by letter on 25 δ or more.

AESCULUS hippocastanum, Horse Chestnut,		
8 to 9 ft., extra strong, straight, transplanted trees	12 50	110 00
" hippocastanum, var. alba plena		
8 to 10 ft	15 00	
" hippocastanum, var. rubicunda, Rec-flowering Horse Chestnut		
5 to 6 ft	10 00	
ARALIA maximowiczii		
7 to 9 ft	8 00	
10 to 12 ft., fine specimens	\$2.00	each

We have tested this variety on our grounds, and find it perfectly hardy.

BETULA alba, European White Birch		
6 to 8 ft	3 00	22 00
8 to 10 ft	6 50	40 00
" alba, var. laciniata, Cut-leaved Birch		
5 to 7 ft	6 50	50 00
7 to 9 ft	10 00	

We have a fine block of *Betula alba laciniata*, twice transplanted, low branched, in fact the whole block are nice specimens.

BETULA lenta, Sweet Birch		
4 to 5 ft	4 00	35 00
6 to 8 ft XX	8 00	70 00
" lutea, Yellow Birch		
4 to 5 ft	4 00	35 00
5 to 6 ft	5 00	42 50
" nigra, Red or Water Birch		
4 to 5 ft	3 50	28 00
5 to 7 ft	6 00	45 00
7 to 9 ft	10 00	90 00

BETULA papyracea , Canoe Birch	10	100
14 to 16 ft, 2½ to 3½ in. caliper, nice specimens		
\$3 00 each	25 00	200 00
CATALPA speciosa		
8 to 10 ft	3 00	25 00
10 to 12 ft	4 50	40 00
CLADRASTIS tinctoria , Yellow Wood		
4 to 5 ft	7 50	
CRATAEGUS Carrierii,		
3 to 4 ft	4 00	35 00
5 to 6 ft	7 50	
" coccinea		
5 to 6 ft	6 00	50 00
" crus-galli		
3 to 4 ft	2 50	20 00
5 to 6 ft	4 00	35 00
" oxycantha , var. <i>flore plena</i> , Double Pink Thorn		
4 to 5 ft	6 50	
" oxycantha , var. Paul's Scarlet Thorn		
4 to 5 ft	6 50	
5 to 7 ft	7 50	
" oxycantha , var. <i>alba</i>		
5 to 6 ft	6 50	
FAGUS ferruginea American Beech		
2½ to 3 ft, twice transplanted	4 00	35 00
3 to 4 ft	6 00	50 00
4 to 5 ft	10 00	90 00
6 to 8 ft, three times trans., nice specimens . . .	15 00	
Our American Beech were transplanted two years ago in new land. They come up now with a mass of fibrous roots, and can be transplanted as safely as a Maple. We advise Spring planting for the Beech. Plant early, before they start into growth.		
FAGUS sylvatica var. <i>asplenifolia</i>		
3 to 4 ft	12 50	
" sylvatica var. <i>purpurea</i> , Purple-leaved Beech		
4 to 5 ft, 3 times transplanted	10 00	
6 to 7 ft	12 00	
" sylvatica , var. <i>Riversii</i> , Rivers Purple Beech		
4 to 5 ft, 3 times transplanted	10 00	
6 to 7 ft	12 50	
FRAXINUS alba , American White Ash		
8 to 10 ft	6 00	
10 to 14 ft., extra selected specimens	12 00	
MAGNOLIAS in Variety		
Soulangeana		
4 to 6 ft., extra selected specimens . . .	\$4 00 each	35 00

MAGNOLIAS in Variety		10	100
<i>Soulangeana</i> , 6 to 7 ft, \$5 00 each		45 00	
<i>Speciosa</i>			
4 to 6 ft, \$4 00 each		35 00	
6 to 7 ft, \$5.00 each		45 00	
<i>Halleana (Stellata)</i> 2 to 3 ft. \$2 50 each			
MORUS <i>tatarica pendula</i> , Tea's Weeping Mulberry			
3 year heads, \$1.75 each		15 00	
POPULUS <i>alba</i> , Silver-leaved Poplar			
9 to 12 ft		5 00	
" <i>alba</i> , var. <i>bolleana</i>			
8 to 10 ft		4 50	37 50
10 to 12 ft		9 00	80 00
12 to 15 ft		12 50	100 00
" <i>alba</i> var. <i>canescens</i>			
10 to 12 ft		8 00	
" <i>fastigiata</i> , Lombardy Poplar			
8 to 10 ft		4 00	35 00
10 to 12 ft		6 00	55 00
12 to 14 ft		10 00	85 00
Our Lombardy Poplars are nice specimens, branched to the ground. We have an exceptionally large and fine stock of <i>Populus alba</i> , var. <i>bolleana</i> and <i>fastigiata</i> . We have several thousand of each variety, all transplanted two years ago, and in excellent condition for moving at the present time. On account of the large quantity on hand, we have made the price very low.			
POPULUS <i>deltoides</i> , Carolina Poplar			
10 to 12 ft		6 00	50 00
PRUNUS <i>pissardi</i> , Purple-leaved Plum			
5 to 7 ft		3 00	
SORBUS <i>aucuparia</i> , Mountain Ash			
5 to 7 ft		1 65	13 00
8 to 10 ft extra nice stock, twice transplanted .		3 50	30 00
SYRINGA <i>Japonica</i> , Japanese Tree Lilac			
6 to 8 ft, perfectly straight stems		6 00	50 00
8 to 9 ft		9 00	85 00
9 to 11 ft, selected specimens \$1 50 to \$2 00 each			
We have quite a large surplus of <i>Syringa Japonica</i> , especially in the 6 to 8 ft. and 8 to 9 ft grades. These have good straight trunks, and are handsome trees. Will make special rate by letter on quantities of one hundred or more			
Syringa <i>Pekinensis</i> , Chinese Tree Lilac			
2 to 3 ft		2 50	20 00
3 to 4 ft		4 00	

Our *Syringa Pekinensis* are mostly low-branched stocky bushes.

TILIA Americana, American Linden	10	100
7 to 9 ft	6 00	47 50
8 to 10 ft	8 00	70 00
10 to 12 ft	12 00	100 00
" platyphylla		
7 to 9 ft	6 50	50 00
8 to 10 ft	10 00	85 60
10 to 12 ft	12 00	100 00
ULMUS Americana, American Elm		
7 to 8 ft	2 50	18 00
8 to 10 ft	5 00	40 00
10 to 12 ft	7 50	65 00
12 to 14 ft	12 00	100 00

We have an exceptionally fine lot of American Elms in the 8 to 10 ft. and 10 to 12 ft. grades.

FLOWERING SHRUBS.

ABIES balsamea, Balsam Fir				
4 to 5 ft		60	5 50	45 00
5 to 6 ft		75	6 50	55 00
" concolor, Silver Fir				
2½ to 3 ft		3 00	25 00	
4 to 5 ft		6 00	50 00	

We have a few large specimens of *Abies concolor*, 5 to 7 ft and 7 to 9 ft., nice specimens, prices on application.

ABIES pectinata				
2½ to 3 ft		1 00	8 00	65 00
3 to 4 ft		1 50	12 00	

JUNIPERUS chinensis, Chinese Juniper				
2½ to 3 ft		1 00	9 00	
3 to 4 ft		1 50	13 00	
" communis, Dwarf Spreading or Prostrate				
Juniper				
10 to 12 in		2 00	18 00	
12 to 15 in		2 50	20 00	
15 to 20 in		3 50	30 00	
20 to 24 in		4 00	35 00	
" communis, aurea, Golden Spreading Juniper				
12 to 15 in		2 50	20 00	
18 to 24 in		5 00	40 00	
2 to 2½ ft, spread		6 50	50 00	
2½ to 3 ft, perfect specimens		12 50	100 00	

We have kept these in nice condition for transplanting by cutting around the plants and transplanting. The larger sizes will be taken up with a ball of earth and burlapped. We have an exceptionally large stock of Golden Juniper.

JUNIPERUS cracovica				
2½ to 3 ft, nice specimens		1 50	13 00	
3 to 4 ft		1 75	15 00	

We have found *Juniperus cracovica* one of the hardestiest and best of all the upright growing Junipers.

JUNIPERUS suecica, Swedish Juniper				
2½ to 3 ft		75	6 00	
3 to 4 ft XX		1 25	10 00	

We have an exceptionally large and fine stock of this perfectly hardy, compact dwarf Juniper.

JUNIPERUS virginiana, Red Cedar				
3 times transplanted, 2½ to 3 ft		75	6 00	

The above stock has been root-pruned, and can be taken up with a ball of earth and burlapped.

JUNIPERUS stricta	each	10	100
10 to 12 in.		2 50	20 00
12 to 18 in., nice specimens		3 50	30 00

Juniperus stricta is rather a slow-growing dwarf Juniper, grows very compact, perfectly hardy and forms a perfect specimen where a dwarf evergreen is required.

PICEA alba, White Spruce

2½ to 3 ft., perfect specimens	65	5 50	45 00
3 to 4 ft.	1 50	13 00	125 00
4 to 5 ft.	2 00	15 00	
5 to 6 ft.	2 50	20 00	

We have a large stock of White Spruce. Our trees have been planted from 2½ to 3 ft apart, and have developed into fine specimens, very compact, and most of them quite high colored.

PICEA Engelmanni

2½ to 3 ft., selected specimens	2 00	18 00
3 to 4 ft.	3 50	30 00
4 to 5 ft., perfect specimens	5 00	45 00

We have a large block of *Picea Engelmanni*, and would make a special rate on a quantity of one hundred, or more.

PICEA Excelsa, Norway Spruce

1½ to 2 ft., twice transplanted	2 00	15 00
2 to 3 ft.	2 50	20 00

We have a large block of *Picea excelsa*, Norway Spruce, in the 1½ to 2 ft. and 2 to 3 ft. grades.

PICEA pungens, Colorado Spruce, green form

1½ to 2 ft.	50	4 00	35 00

POTTSII , pale pink	3 00	
PROLIFERA TRICOLOR , pink	2 00	
QUEEN VICTORIA , white	2 50	
RICHARDSON'S RUBRA SUPERBA , dark red, XX	4 00	
ROSA SUPERBISSIMA , rose, large	2 50	
RUBENS , dark red, semi-double	2 50	
ZOE CALOT , delicate rose, a beautiful shade	2 50	

We have quite a large stock of Paeonies, amounting in all to eighteen or twenty thousand plants, in the above named varieties. We have not divided them for two years, and nearly all of them will be fair-sized clumps, and if planted this Fall in good soil, may be expected to bloom next season. It must be understood, however, that Paeonies never reach their best until two or three years after planting.

PHLOX.

ASSORTED VARIETIES , as follows;—	1 25	10 00
AMAZON , pure, white, large flower, one of the best		
CANDEUR , white, plant of dwarf habit, one of the fine, low-growing varieties		
CHARLOTTE SAISSON , white, crimson center		

ECLAIREUR, purplish crimson, splashed with silvery rose
EUGENE VERDIER, lilac purple
JAMES GALLAWAY, bright crimson, rather small flower
JOSEPH BARRA, very dark, amaranth
LE POLE DU NORD, white, crimson centre
LE SOLEIL, clear pink, bright eye, a fine variety
LOTHAIR, clear salmon, dark eye
MAD. MEURET, brilliant red, carmine centre
MAD. PAPE CARPENTER, white, a good strong grower
MAD. P. LANGIER, bright red, a very showy variety
MADSEN, outside petals white, inside deep pink
RICHARD WALLACE, pure white, dark rose center
R. STRUTHERS, silvery pink, crimson eye

In the foregoing pages, we have offered such varieties as we have in considerable quantity. We will be glad to make a special price on many of the varieties in lots of two hundred and fifty or more.
